All prices listed are in Canadian dollars (CAD).

These dimensions are the most common artwork sizes and serve as a reference, but you are not limited to those sizes. Simply ask for a quote for any size you desire. You can request a canvas shape in rectangle, square, or circle form. Any other non-standard shape is considered custom and may impact the pricing.

Please be aware that additional factors, such as the complexity of a painting (e.g., multiple subjects, intricate details), can also influence the overall cost of the artwork.

Prices for prints are dependent on external costs and, as such, the prices provided are only estimates. You will be given a quote once you know the size and number of prints you are collecting.

Shipping costs, taxes, and insurance are not included in the prices provided. Shipping costs will vary depending on the weight and destination of the artwork. Please contact me for a shipping estimate. Art prints and drawings can be packaged in rigid envelopes or shipping tubes, while paintings and panels require shipping in boxes or crates for added protection.

I do not offer standard framing services as part of the artwork purchase. However, if you have any questions don't hesitate to ask.

Prices provided in this quote represent the costs only at the time you are provided the quote and are subject to change in the future.
